A GOOD START.

The Hustonville Fair Association Begun Under Most Favorable Circumstances.

Magnificent Show of Stock, Weather Propitious, Grounds Beautiful and Attendance Good.

The annual exhibition of the Hustonville Fair Association begun at the ringing of the bell at 9:30 Wednesday morning, with a fairly good crowd present and a good show of stock of all kinds on hand. The weather was cool, the ring was in perfect condition and the grounds are even prettier than ever. The proverbial hospitality of our West End friends is just like it always has been, each West Ender seemingly trying to outdo his neighbor in cleverness. Hustonville is a great little place to spend a few days and many are taking advantage of fair time to do so.

A splendid crowd attended the fair yesterday and everybody had a good time. The big winners of the morning were Messrs. T. L. Carpenter on his fine black cattle and J. T. Crenshaw with his good stable of a dozen or so. Crenshaw & Lucas won the blue tie on the best pair of carriage mares or geldings and Doc Drye got the red. Charles P. Cecil defeated Moses M. A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard, 50c and \$1. Trial bottle free.

Elihu Root recently told this story: "A prison chaplain one day found a convict feeding a rat. 'Ah,' said the chaplain, 'so you have a pet, eh?' 'Yes; this rat said the convict, his hoarse voice softening, and a gentle smile illuminating his hard-wrought face, 'I feed him every day. I think more of this here rat, sir, than of any other living creature.' 'The chaplain laid his hand upon the convict's shoulder. 'In every man,' he said, 'there is something of the angel, if we can but find it. How came you to take such a fancy to this rat?' 'It bit the warden,' said the convict."

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by Stanford Drug Co.

Mrs. Newrich, of New York—Did you bathe during your recent visit to Atlantic City?

Mrs. Emerson Saltonstall, of Boston—No, I had intended to do so, but another lady was using the ocean.—Life.

A constable who arrested four men on a country road in England the other day for gambling, told the Magistrate that the men played cards as they walked along, stopping to deal.

HARVEY HELM

of Lincoln county, is a candidate to represent the Eighth Congressional District of Kentucky in Congress, to succeed Hon. G. G. Gilbert, subject to the action of the democratic primary, Sept. 1.

JUDGE JOHN W. HUGHES,

of Mercer county, is a candidate to represent the Eighth Congressional District of Kentucky in Congress, to succeed Hon. G. G. Gilbert, subject to the action of the Democratic party.

M. F. NORTH

Is a candidate for Representative of Lincoln county, subject to the action of the Democratic party.

LIKE the anti-pass clause of the Kentucky Constitution, no penalty is prescribed for a violation of the eight-hour law passed by Congress. The labor leaders besieged the members of the last session to provide penalties, but in vain. The President now seeks to do by executive orders what Congress neglected to attend to. The inspectors are required to report—and then what will happen nobody knows, but it is thought that the order is a play to the galleries for congressional election purposes and will die after November.

MISS EMMA CUSHING, of Montreal, is a cool, calculating damsel, who might prove a valuable partner in a matrimonial alliance. She has brought suit against her faithless lover for \$23,000 damages for failure to redeem his promise of marriage, her petition including in the list of damages: "Estimated cost of living for 25 years at \$600 per year, which would have been borne by the defendant as her husband had he married her, \$15,000."

A DISPATCH says that C. C. McChord has given up the intention of announcing for Governor and will devote his energies towards a re-election as Railroad Commissioner. And thus it is again proven that the children of this world are in their generation wiser than the children of light.

OUR old friend, Hon. Harry McCarty, of the Jessamine Journal, is spoken of for Railroad Commissioner in this district. We hope the clever gentleman and Simon-pure democrat will make the race. It would make us feel good all over to vote for Harry for anything.

FIVE persons were killed by lightning in the grand stand of a ball park at Manitowoc, Wis., Sunday. As the players escaped, it looks like it is more dangerous to aid and abet by one's presence at a ball game than to participate in it.

ADOLPH WEBER, who murdered his father, mother, brother and sister at Auburn, Cal., two years ago, has been sentenced to hang on September 12. For such a diabolical crime the forfeiture of such a life is small atonement.

BEEMAN, the chewing gum manufacturer, who has an annual income of \$27,000, is trying to get his pension increased from \$8 to \$12 on account of "total incapacity to labor." Beeman's nerve is enough to make a horse laugh.

POLITICAL.

Charles J. Bronston, of Lexington, is spoken of for attorney general.

Hon. Robert B. Franklin, of Frankfort, is considering the matter of entering the race for the democratic nomination for governor.

The democratic Congressional campaign committee will open headquarters in Chicago Aug. 1, preparatory to making a vigorous campaign in the Middle West.

Charles F. Murphy said in a New York that it was possible that Tammany Hall would support Wm. R. Hearst for the democratic nomination for governor.

Spain has granted special tariff rates to the United States in return for reductions on spirits made by this country. The rates are the same granted favored nations.

Col. Samuel Donelson, who was doorkeeper of the House of Representatives during Mr. Carlisle's term as speaker, died suddenly of heart failure at his home in Washington.

The democratic executive committee of the Eighth Mississippi Congressional district has formally declared John Sharp Williams the candidate for Congress in that district.

The Socialist State convention at Salt Lake City nominated Wm. S. Dalton, for Judge of the Supreme Court and Homer P. Purt for Congressman. A resolution condemning as "anarchists" the Governors of Idaho and Colorado for their actions toward Moyer, Haywood and Pettibone under arrest charged with the murder of former Gov. Frank Steunenberg, was adopted.

President Roosevelt announces that he is pleased with the campaign plans of the Republican Congressional Committee. The committee met with the President and it was decided that a "Stand Pat" program was the proper one. Taft, Shaw, Cannon and Beveridge were agreed upon as the "big guns" for the stump. The committee has opened headquarters in New York.

Chairman W. A. Young has called a meeting of the appellate district committee at Lexington next Monday to decide upon the manner and time of nominating a candidate to succeed Judge John M. Lassing.

The position in hedges assigned to W. S. Taylor by John D. White, viz., a front seat, is doubtless all right and we have no objection to his occupying any seat that the devil chooses to appropriate to his use and benefit, but we hope he will not be permitted to sit down in any place, permanently, until he has faced a competent jury in Kentucky to answer an indictment for complicity in the assassination of William Goebel.—Somerset Journal.

The congressional race in this district has resolved itself into a free-for-all fight. The latest entry is that of Mr. Harvey Helm of Lincoln county, whose authorized announcement will be found elsewhere in this issue. Mr. Helm is known to the people of Jessamine. He is the man who gave Hon. G. G. Gilbert an argument in the last congressional convention, and the one who would have won had it not been for the excellent work done by Judge E. B. Hoover of this county in the interest of Mr. Gilbert. This fact puts him in the foreground as a fighter, and that he will again cut a figure in the race is without question. Mr. Helm will make an excellent representative if elected.—Jessamine News.

The London Local makes a few timely suggestions as follows: With N. B. Hays a candidate for Governor, Winfrey of Middlesboro, and Tate, of Williamsburg, candidates for Superintendent of Public Instruction, and Jas. D. Black for Attorney-General, all from the Eleventh Congressional District, what chance will any of them have for the Democratic nomination for office? Hays had as well withdraw now, as his fight against the party organization makes his defeat a certainty. Winfrey and Tate should come to some understanding or both quit, and let Jas. D. Black or some other good man have a fair chance for the Democratic nomination for a single office. This is the only way for the Eleventh District to be represented at Frankfort.

D. B. Wallace was elected president of the Kentucky Press Association at Grayson Springs. The association decided to charge five cents a line for all notices about candidates for office. The new Executive Committee, which was announced, probably will select Norfolk, Va., as the next meeting place.

The Negro fled and was chased for a mile on an engine and then he took to a cane field, where he has been surrounded. He refused to surrender and the officers will guard the field until he is starved.

for Congressional Primary.

1. A primary election is hereby called for Saturday, the 1st day of September, 1906, in all the voting precincts in the 8th Congressional District of Kentucky, at the regular voting places, between the hours of 6 o'clock A. M. and 4 o'clock P. M., for the purpose of selecting a democratic candidate for representative in Congress in said district.

2. All democrats who are residents of said district, and who are legal voters on Nov. 6, 1906, will be permitted to vote in their respective precincts, and are invited and requested to do so.

3. Every candidate who desires to have his name printed on the ballots to be used in said primary must deposit with the Chairman of the Committee, on or before 12 o'clock—midnight—15 days before the date for holding said primary, the sum of \$50, to be used in defraying the expenses of holding said primary election, and at the same time of making said deposit each candidate must give written notice to said Chairman, and notice to the Chairman shall be notice to the Committee.

4. In all the counties having cities in which the law requires the registration of voters, the democratic committee of such counties, or the Chairman, then, is authorized to cause the names of democrats registered at the last general registration, to be copied into separate books, as is required by law.

5. Said election shall be held, in all respects, as is required by law for holding regular primary elections, and a uniform ballot shall be used in every precinct; and the Chairman of this Committee is hereby authorized and directed to cause to be printed, bound and distributed to the various chairmen of the county committees the ballots for each county. He is further directed to purchase and distribute to the Chairman of the County Committee all the necessary paraphernalia for holding said primary election.

6. The Democratic County Committee of each county shall appoint the officers in each precinct to hold the election, and they are to be selected from lists furnished by the candidates at least ten days before said election; and to be as nearly equally divided as possible as to Judges, Clerks and Sheriffs, among the various candidates. The officers of said primary election, when the polls are closed, proceed at once to count the votes cast for each person for said office, and, after counting the votes, they return to the boxes, sealing up the boxes and the Sheriffs of the election precincts, will, by the next Monday morning, carry and deposit the boxes with the Chairman of the County Committee, at the court house in the respective counties. The officers of the election at each precinct shall make a written statement of the number of votes cast for each person voted for, for the said office, and will place said statement in an envelope and deposit it in the respective ballot boxes.

7. The precinct ballot boxes and all returns are to be made to the Chairman of the County Committee, and if he is not in the county, to the Secretary of the County Committee, at the court house in the time required by law, to-wit: within two days after said election.

8. And on next day after said returns have been made, the County Committee shall meet and canvass the returns, and certify the same to the Chairman of the District Committee of the Eighth Congressional District, which District Committee shall, on Wednesday, the fifth day of September, 1906, at 10 o'clock A. M., in the city of Nicholasville, Jessamine county, Kentucky, meet and canvass the returns, declare the result and issue a certificate of nomination to the successful candidate.

9. The Secretary of this Committee is directed to give public notice of this election, as is required by law and without delay.

10. In the event there is a surplus remaining after defraying the expenses of said primary, it shall be returned to those by whom it was paid in, in the same proportion in which it was paid by them; and if there should be a deficit, then the candidates shall be assessed to supply such deficit. Provided, however, if no more than one candidate shall have complied with the conditions herein imposed, by Aug. 19, 1906, then the Chairman of the District is directed to reconvene the Committee, as soon thereafter as practicable at Nicholasville, Ky., and to declare such candidate the regular nominee of the Democratic party for said office, and to issue to him a certificate of nomination, and the primary election herein ordered will not be held.

11. The order on the ballot in which the names of the candidates who may enter this primary shall be printed, shall be determined by lot.

Summer Comfort and Cleanliness

The pores of the skin are responsible for most complexion troubles. Summer dust, the stain of vacation travel, combined with the grease of perspiration, clog and stifle the pores. Keep them clear and healthy, so that the natural oils may do their work of softening the skin.

POMPEIAN MASSAGE CREAM

withdraws every particle of impurity from the pores—all the way through—and by gently exercising the facial muscles rounds them out to perfect development; blackheads and wrinkles immediately disappear, leaving nothing but the natural glow of health.

GENEROUS SAMPLE FREE If you call at our store we will gladly give you free a generous sample of the cream and a copy of the famous book, *A Treatise on Facial Massage*

His part of Texas is in a prosperous condition, Judge Grimes told us, with most excellent prospects for cotton and corn. LOCALS.

PERCY STEWART, colored, was fined \$10 for shooting on Somerset Street.

FOR SALE.—New cabbage, peas, beets and other vegetables. Phone 128. Ed. Hubbard.

THE L. & N. will run another \$1.75 round-trip excursion to Louisville from this place Aug. 5.

WITH almost everybody gone to the Hustonville fair, Stanford yesterday looked like a deserted village.

MR. ED HUBBARD, the boss gardner, has our thanks for a sample of his fine tomatoes, which are almost as large as pumpkins.

MRS. ELIZA HARRIS lost a long, black pocket book between Stanford and her home near Hubble. It contained some change and several checks. Finder will return to her and receive reward.

WHITE.—Mrs. Frank J. White, aged 74, is dead at Lancaster. She was a splendid christian woman and will be missed in her community. She is survived by her husband and several grown children. The husband is known here, having been a typesetter on this paper some 12 or 15 years ago.

HELM TO SPEAK AT BRODHEAD.—Hon. Harvey Helm, of this place, will speak at Brodhead at 2 o'clock Saturday afternoon, July 28, in the interest of his race for the democratic nomination for Congress. A division of time will be cheerfully accorded his opponent, Judge John W. Hughes.

"If there are any hemp-buyers in Stanford they would do well to advertise in the INTERIOR JOURNAL," writes Mr. W. H. Furr, from Flat Wood, Garrard county. "We often hear farmers wondering if they could not get better prices for their hemp in Stanford than in Lancaster," he adds.

THE camp meeting on Green River at Jumbo, four miles from McKinney, will begin Aug. 9 and continue until Aug. 20. Good grounds, fine outing, splendid roads to camp. The preaching and singing will be a feature. Rev. J. C. Johnson and wife, of Wilmore, will do the preaching and Miss Rose Yowell will lead the singing. Come and be with us and we will do you good, writes C. J. Sipple, from Wilmore.

SUES INSURANCE COMPANY.—A suit to collect a \$2,500 policy upon the life of Howard D. Coleman, of this place, who was killed in the wreck on the L. & N. at Louisville, May 28, has been brought by his mother, Mrs. Emma E. Coleman, to whom the policy was made payable. The petition says that Mr. Coleman applied to the defendant, the Citizens Life Insurance Co., for a policy in December, 1905, and that it was prepared for him so as to go into effect Dec. 30, of that year. The company is represented at this place by Mr. G. B. Cooper.

IN this issue appears the announcement of Hon. Harvey Helm, of Lincoln county, as a candidate for Congress in the Eighth district to succeed Hon. G. G. Gilbert. To the voters of Rockcastle no word of introduction or commendation is necessary. He is well and favorably known to us all. Well do we remember the gallant fight which he made two years ago and which he lost by only a hair's breadth. He is one of Kentucky's noblest sons, a true and loyal democrat, a lawyer of marked ability and a splendid advocate. If honored with the office which he seeks, he would be a credit to the grand old Eighth.—Mt. Vernon Signal.

On Monday night the comedy drama "A Convict's Daughter," will be the play. Prices 15, 25 and 35 cents, no higher. Remember the date, July 30, for one solid week.

MR. GEORGE L. PENNY, a prominent druggist of Stanford, was here yesterday to go before the State Board of Valuation and Assessment which did not hold a session, however, Mr. Penny is one of the owners of the Stanford Water, Light and Ice Company and he will make complaint to the State Board against the high rate of assessment made upon its franchise. He will show that the city of Stanford sold the water works plant franchise for \$1, whereas the value of its franchise as fixed in preliminary assessment by the State Board is \$9,000. The owners do not contend that the assessment should be reduced to \$1 which the city got out of the plant, but they do think that \$9,000 is a pretty steep valuation to place on it, and Mr. Penny will have some convincing facts and figures to show the Board when it goes into session to take action on the case. Besides being interested in many of the public utilities and other business enterprises of his bustling little city, Mr. Penny occasionally takes a hand in the political game, and is accounted a wheelhorse for Democracy in his neck of the woods. —Frankfort Journal.

OLD PAPER.—Mr. Thomas Davison brought us a few weeks ago a copy of the Central Dispatch, published at Stanford Friday, May 13, 1870. Mr. William H. Miller was its editor and the paper is a seven column folio, well printed and a most creditable sheet. The paper is of course democratic in politics and carried the following ticket for county officers: For county judge, M. C. Saufley; county attorney, R. C. Warren; sheriff, Walter G. Saunders; county clerk, John Blain; jailer, Thos. Buford; assessor, James P. Gooch; surveyor, Ben Hawkins; coroner, J. B. Norris. Messrs. Marshall and Trabue were rival candidates for Congress and in a card they suggest that the sense of the people on their choice be taken at the August election. The paper tells of big preparations being made to dedicate the new hall of Stanford Lodge, 156, I. O. O. F., and calls a meeting of the stock men of the county in order to arrange for the Fourth Annual Fair. One of its local brevities is as follows: "County court passed off quietly—no drunk men nor rioting." "The jail has been empty since circuit court adjourned." The paper carried display advertisements for Chenault & Hughes, dry goods, Thomas Richards, jeweler, H. Wheeler, painter, Messick & Bro., dry goods, W. H. Anderson, druggist, Owsley & Miller, grocers and commission merchants, etc. The Dispatch contained a price list which showed butter, worth 30c, eggs 15c, bacon 7 to 20c, beef 12 1/2 to 14c, lard 20c, brown sugar 12 1/2 to 16c, white, 18c, tea, \$1.50 to \$2.50 per pound, coffee, 25 to 35c, coal oil 60c, coal 35c bushel.

WHILE taking honey yesterday, Miss Eulah Totten was fearfully stung by the bees. Her condition for a while was such that a doctor had to be called.

OLYMPIAN SPRINGS is now open for the treatment of rheumatism, nervousness, indigestion, constipation, liver, kidney and bladder troubles. Best of satisfaction. F. M. Sims, prop'r.

It is reported that William Hamilton, who conducted a jewelry store here several years ago, is dead in Canada. His wife, who was divorced from him, married a Lexington man and lives in that city.

THIS is the last and best day of the Hustonville Fair. If you did not go yesterday nor the day before, you had better take advantage of the opportunity to-day to see the best lot of horse stock you ever saw at a county fair.

WANTED.—Gentleman or lady with good reference, to travel by rail or with a rig, for a firm of \$250,000 capital. Salary \$1,072 per year and expenses; salary paid weekly and expenses advanced. Address, with stamp, Jos. A. Alexander, Stanford, Ky.

WHILE here Wednesday, Mr. T. S. Barr, representing the Hagan Gas Engine & Mfg. Co., of Winchester, sold three gasoline engines. One to Cummins & McClary, who will use it in making light for their store, one to J. B. Camenisch, the dairyman, and another to M. S. Baughman. The Hagan gasoline engine is not only a good engine but a rapid seller.

Having located permanently in Mt. Sterling, Ky., I offer for sale at a bargain my desirable residence on Hustonville St. in Stanford, Ky. For particulars write me at Mt. Sterling, Ky., or see W. M. Bright at the Lincoln County National Bank. JOHN P. JONES.

The lads will make their home at the Haggin farm and will be given every opportunity to learn the breeding business, after which they will return to Japan and begin the breeding of thoroughbreds on a large scale.

IN MEMORIAM.

On July 16th, Mrs. Nettie Williams, wife of Mr. Reuben Williams, of McKinney, fell asleep in Jesus after three weeks of intense suffering from flux, aged 58. She was a daughter of Col. Robert and Margaret Bibb, who preceded her to the grave several years ago, sister of Mrs. Joe Walker, Washington City; Mrs. Clara Tanner, Nashville, Tenn.; Mrs. Hattie Winscott, of High Bridge; Miss Helen Bibb and Mrs. Dr. Moore, McKinney, all of whom were at her bedside when she came. She gave them every hope of going home to father and mother. Just before the end came she repeated those beautiful words:

Just as I am without one plea
But that Thy blood was shed for me
And that Thou biddest me come to Thee

Oh, Lamb of God, I come, I come.

She was laid to rest in the beautiful city of the dead at Stanford after remarks at the grave by Eld. L. M. Omer. A good wife and mother has gone. May He Who doeth all things well comfort the bereaved husband, son and other loved ones in this dark hour.

SISTER.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Stanford Drug Co.

The Phoenix Royal Insurance Company, of Vienna, which carried \$2,500,000 of insurance in San Francisco, has decided not to pay any of the loss, growing out of the conflagration last April. The company's policies carried no earthquake clause. The company claims its policies are null and void as the said earthquake was wholly responsible for the conflagration that followed.

In Singar, in the Malay archipelago, two bottles are placed neck to neck, and sand is put into one of them, which pours itself into the other every half hour, when the bottles are reversed. On a line nearby are hung 12 rods, marked with notches from one to 12. The whole arrangement is in charge of an attendant, who sounds the hours on a gong.

Good Resolutions Turned Down.

The following resolutions were offered by Mr. J. R. Mount at a meeting of the democrats of Garrard county, which endorsed Senator James B. McCreary: RESOLVED, that we heartily approve and endorse the acts of Gov. J. C. W. Beckham in the rigid enforcement of laws of the State and in closing the saloons and observing the Sabbath day as holy.

Be it further resolved that the democrats of Garrard county endorse and commend to the democrats of the nation for president in 1908, that peerless statesman and true exponent of democratic principles, the Hon. Wm. J. Bryan.

The chair ruled the resolutions out of order as an amendment to the resolutions endorsing Hon. James B. McCreary and the democrats assembled declined to endorse them when offered separately.

Gov. Luke P. Blackburn, whose reputation as a physician and philanthropist is too well known to need further comment, once said "Concentrated Crab Orchard Water is the best agent known to the medical profession and will cure more diseases than any one remedy I have ever used." Get a bottle of White's Diamond Brand Crab Orchard Water. For sale by all druggists and country stores.

Gov. Beckham delivered a nonpolitical address at the Elks' fair at Georgetown.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. I have been engaged for 10 years in immigration work and conducted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions." E. W. ROSE MEDICINE CO., St. Louis, Mo. HARRISBURG, ILL., May 12th, 1905.
DEAR SIR: Believing that "ZEMO" saved my arms, if not my life, I will gladly tell all sufferers from eczema what your good medicine did for me. I suffered six years from a torturing case of itching eczema of both arms. I tried eight different doctors, and every eczema cure I could hear of without relief. The disease grew worse and spread to my neck and breast; my arms had great holes eaten in them; I soon became an invalid and was confined to my bed part of the time. My husband bought a bottle of "ZEMO," the first application stopped the itching, and I began to improve; in six weeks and one day the disease had disappeared, and my arms were clean and smooth as my picture will show, before and after using "ZEMO." My arms were so bad some of my friends wanted me to have them taken off, but I would not agree. I am now entirely cured and have gained ten pounds in weight, and feel better than I have felt in many years. I consider my quick recovery by using "ZEMO" nothing short of a miracle. I will gladly answer all inquiries and recommend "ZEMO" to all persons suffering from any itching skin disease.
Yours gratefully,
Mrs. Harvey Burks.
